ARRANGEMENTS COMPLETED

Particulars of the Programs

[Special Dispatch to the Cincinnati Gazette.] NEW YORK, October 27.

The Herald of to-morrow morning will announce all the details of the arrange ments of the Government for the trial of Jeff. Davis. It appears that the trial was decided upon in Cabinet session in August last, and that the Government has only waited for the close of the Wirz trial to make the announcement. The hopes entertained by the friends of Davis since the speech of the President to the South Carolina delegation, in which he intimated that elemency toward Davis ought to be exercised, are to be dashed to the earth. The trial is to be before the Supreme Court at Washington, and since Davis' State has pullified the ordinance of secession, instead of repealing it, he will be tried as if still a Senator of the United States. It is supposed that Mr. Chase will preside. The charge will be that of treason, and will be confined to a

few specifications. The purpose of the Government is no merely to punish Davis, but to define the nature of treason, fix its punishment, reveal the cruelties of which it has been the fruitful source, and establish a legal precedent for the future which will be a terror the outset to vote upon the subject of their to traitors hereafter, and forever disgrace the treason which for a time was respectable by reason of its power and formidable proportions.

SIDNEY E. MORSE, Ja., & CO., Oct. 26-4w. 37 Park Row, New York. **NEW SKIRT FOR 1865-6** The Great Invention of the Age in

HOOP SKIRTS.

Terms, \$3.50 a Year, in Advance

W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or Double) SPRING SKIRT. THIS INVENTION consists of Duplex (or two) Elliptic Pure Refined Steel Springs, in-geniously braided tightly and firmly together, dge to edge, making the toughest, most flexible, clastic and durable Spring ever used. They seldom bend or break, like the Single Springs, and consequently preserve their per-fect and beautiful shape more than twice as long as any Single Spring Skirt that ever has

or can be made.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a silk or muslin

A lady having enjoyed the Pleasure, Comfort, and great Convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards wilfingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

THE HOOPS are covered with 2 ply double twisted thread, and will wear twice as long as the circle warp covering which is used on all twisted thread, and will wear twice as long as the single yarn covering which is used on all Single Steel Hoop Skirts. The three bottom rods on every Skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use.

All are made of the new and elegant Corded Tapes, and are the best quality in great cart. Tapes, and are the best quality in every part, giving to the wearer the most graceful and
